March 13, 2020

Dear Parent or Guardian:

As a result of communication today with superintendents from across the county as well as information received from PDE, a decision was made to close all NLSD schools for the entirety of next week. It was my hope to have a decision made prior to students going home so that they would have the opportunity to take home any essential items that they might need for an extended closure. Based on the information I had at approximately 2:15 p.m., a final decision was made, and we began the process of communicating to all stakeholders.

Since then, we have received notice that Governor Wolf has closed all k-12 schools in Pennsylvania for a period of 10 work days. At the end of that period, the situation will be re-evaluated. This means that NLSD will be closed until at least March 27, 2020.

We will continue to update you as things change and have started a running list of communication on our website. You will receive an update Monday afternoon even if the situation is unchanged.

Please take precautions to stay safe and healthy.

Sincerely,

A handwritten signature in black ink, appearing to read "Gary R. Messinger Jr.", written in a cursive style.

Gary R. Messinger Jr.  
Superintendent of Schools
