NL Celebrates 100 Days of Learning!!!

Students Have Fun Celebrating their 100th Day of School!!!

On February 10th, Fredericksburg Elementary celebrated 100 days of school and learning! The day began with music, noise makers, balloons, and signs to get the celebration rolling!

Throughout the day, students participated in various learning activities (counting, writing, reading) centered around the number 100, and engaged in fun activities such as using photo booth props and creating crowns/hats/glasses! Some students and staff even dressed up as if they were 100 years old! We even had the great opportunity to have Mrs. Kaczmarczyk's grandmother, Edna Marderness, visit with us and share some advice, as she is turning 100 years old this year! The 100th day also marked the end of our school-wide food drive for the JOY Pantry. Overall, both students and staff had an amazing day of celebrating and collecting donations!

Spring Quotes

"Some old-fashioned things like fresh air and sunshine are hard to beat" – *Laura Ingalls Wilder*

"An optimist is the human personification of spring" – *Susan J. Bissonette*

"The earth laughs in flowers" – *Ralph Waldo Emerson*

"Spring's greatest joy beyond a doubt is when it brings the children out." – *Edgar Guest*

"My favorite weather is bird chirping weather." – *Terri Guillemets*

"No matter how chaotic it is, wildflowers will still spring up in the middle of nowhere." – *Sheryl Crow*

"Never yet was a springtime, when the buds forgot to bloom." – *Margaret Elizabeth Sangster*

"To plant a garden is to believe in tomorrow." – *Audrey Hepburn*

"When Spring came, even the false spring, there were no problems except where to be happiest" – *Ernest Hemingway*

"Where flowers bloom so does hope." – *Lady Bird Johnson, First Lady*

A newsletter to the residents of Northern Lebanon School District

100 Days of GREAT LEARNING at East Hanover!!!!

Students and staff took time to recognize this momentous day at EH. We counted to 100, played number games getting to 100, used our iPad to generate a picture of ourselves when we are 100 years old, stacked 100 cups (quite a tower we made), and even popped 100 balloons!!!! We are 100 days smarter and continuing to grow as the year moves along!!!!!! HAPPY 100th Day!!!!!!

Jonestown Students Aged Well for the 100th Day of School!!

Some of our Jonestown students looked a "little older" for the 100th day of school. They celebrated the day by dressing up and doing fun 100-day activities.

The Curtain is Always up for Learning and Performing at NL

"Grease was the word..." at Northern Lebanon High School the week of March 7th! With a cast and crew of 49 members, performances began Monday with a well-attended Senior Citizen show on Monday, March 7th, followed by two days of preview shows for all the students at NL. Then the curtain went up for the performances of a life time on Thursday, March 10th and ended on Sunday, March 13th. The NL Drama Club experienced record ticket sales and enjoyed performing for audiences of all ages! Grease is an amazing show that had all generations of people singing, *"We Go Together..."*.

NLHS Students Hard at Work Behind the Scenes

Painting sets is hard! No one realizes how grueling the work is until they actually do it. We saw how hard the drama club worked each day after school as well. The stage was hot and I broke my arm as soon as we started so the sets were mostly all student painted this year! I am so proud of what the kids accomplished this year without much help from adults. I couldn't climb scaffolding or a ladder, so the kids had to paint the high parts alone. Painting class (these students are listed in the program) painted the burger palace. Drawing and Design and Fundamentals classes made gym signs and balloons, and a special thanks to the following art club members who each put in countless hours painting Rydell High School and working on all the other sets for countless hours after school and pulled all of the sets together. These students know we literally put blood, sweat, and tears into these sets but also a lot of bonding among our art club members. I'm so proud of these kids, their dedication without expectation of any recognition for their efforts, and the amazing character I saw in these hard-working students. Special thanks to these art club members who put in many hours outside of school... Harley Bode, art club VP who was my right hand man, Leaha "Snail" Lawson, art club president, who stepped up anywhere they were needed, Caitlin Gadel who never missed one day after school and always stayed the duration no matter how late, as well as Ailynn Zemba, Dominique Kohr, Jocelynn Chadwick, Madelyn Schellhammer, Tasia Horst, Tadan Horst, Kat "Fynn" Sipe, Payton Gerena, Hannah Flowers, Brianna Johnson, Lilly Harris, Valeria Lopez, Eve Ginther, Lilliava May, Silas Raub, Grace Rothermel, Raeya Smith, Nathan Swank, and all of the other art students who helped.

Thank you for your hard work and making me proud!

Mrs. J. Zemba

Kindergarten Registration

Kindergarten Registration was held on Monday, March 7th. If you have not yet registered your child(ren) for kindergarten for the 2022-2023 school year, please do so by using the link on our website at www.norleb.org. Thank you and we look forward to welcoming your child(ren) to the district!

Celebrate Earth Day – April 22nd!!

Earth Day originated in the US but became recognized worldwide by 1990. In 2009, the UN designated April 22 as International Mother Earth Day. It's estimated that over a billion people participate in Earth Day every year, making it the largest secular observance in the world.

Top 10 Facts About Earth Day!

- Earth Day is on 22nd April every year
- The first ever Earth Day was in 1970
- Senator Nelson invented Earth Day
- Earth Day started in the USA
- It is a global event!
- Earth Day teaches us how we can protect the environment
- Earth Day is also known as International Mother Earth Day
- Over a billion people take part in Earth Day each year
- There are different activities to help the Earth: examples – Picking up litter, cleaning up our beaches, planting trees
- Earth Day teaches us about climate change and plastic pollution

VALIANT VIKES Reward Program

Rewarding for Everyone!!

During the month of December our Valiant Vikes Program was bustling with different activities. Valiant Vikes is the secondary school reward program where students can earn Viking dollars based on academics, behavior, and attendance. Students were able to use their Viking dollars in a variety of ways including entering prize drawings and purchasing drinks & snacks at Deja Brew. New NL gear (t-shirts, hoodies, & beanies) was also available for purchase. Valiant Vikes also handed out several sweet treats to students and staff as a “thank you” for working hard this year! Congratulations to all our prize drawing winners!

Artist Of The Month

Congratulations to senior Silas Raub for being selected as Artist of the Month for October!

Only one student is selected to be "Artist of the Month" each month from the entire high school for their excellence in art class.

Silas graduates in 2022 and has been taking art since 10th grade. He loves clay sculpture and painting even though it's time consuming. He believes every artist can improve no matter what and plans to continue improving long after graduation. Silas feels that Van Gogh has inspired him but now he uses shapes, colors, and lines he sees in everyday life to style and base his art on.

Silas made his costume including constructing the helmet. Some of Silas's art below...

Congratulations to Ryan White for being selected as Artist of the Month for November!

"It's something that makes me feel at home. Art is something that brings me comfort and peace. I don't have to think about it, I just do it." Ryan White

1. My cat passed in July and I felt I had to represent her through my work (oil painting).
2. One of my favorite artists, Mac Miller passed and I wanted to honor him/his music (markers).
- 3, 4. Other of my most-listened-to artists, I liked the portraits they posted (pencil sketching).

Ryan is a junior this year. Ryan turned 17 this year and is trying to start a business in art. Some of Ryan's other hobbies are photography, graphic design, and finding new music. Ryan's favorite medium of art is either oil painting or pencil sketching. Ryan also painted the mural on the doors in the music hall this year and is a pleasure to work with. Congratulations Ryan White!

Congratulations to Bailey Guirate for being selected Artist of the Month for December!

Bailey is a digital and traditional artist, who enjoys all mediums. Bailey's favorite mediums to work with are acrylics, colored pencil, charcoal and graphite pencils.

Bailey is a senior at Northern Lebanon, graduating in 2022. Bailey's hobbies include drawing, playing video games, and sewing. Bailey enjoys making tik tok videos as well!

Congratulations to senior Emily Lutz for being selected as Artist of the Month for January 2022!

Emily's art is typically very colorful. She likes using all sorts of media, highlighters and doodle pens are two of her favorites along with acrylic paint. Her artwork typically will have some type of meaning or intent behind it.

Two of the main things that inspire Emily are the work of Jean-Michel Basquait and Junji Ito. She is also very inspired by bright colors, portraits, and crosshatching.

Emily loves to read, draw, and listen to music. She also really like animals- capybaras and guinea pigs are her favorite. Emily loves to go hiking, especially when it's cooler out. A few of Emily's favorite bands are Slipknot, Lovejoy, and The Front Bottoms. Her other hobbies include playing chess, ping-pong, and baking.

Congratulations to Victoria Hollinger for being selected as Artist of the Month for February!

Victoria has loved art since middle school and has always taken art classes. She enjoys mediums like oil, acrylic, and watercolor when painting, and she also throws on the wheel and hand builds in sculpture class.

Tori loves impressionism which inspired these pieces. She feels like Impressionism allows you to paint freely without mistakes.

Victoria Hollinger is an amazing student as well as an artist and will graduate in 2022. She played girls varsity Volleyball and was a Section 3 All-Star. She is in many clubs and loves to volunteer in her community. Tori enjoys music, spending time with her friends, hiking, and most of all, traveling.

2022 Snoball Dance – A Flurry of Activity!!

This year we were finally able to have the annual Snoball Dance! This year's court consisted of Scarlett Naum, Bailey McFeaters, Brooke Beamesderfer, Kiera Anspach, Ariel McIntosh, and Grace Horengic (as pictured left to right). Everyone had a great time dancing and Dr. Rayman and Mrs. Bentz were thrilled with the students for being so well-behaved. Bailey was so excited to be crowned the 2022 Snoball queen and dance to one of her favorite songs with Luke Shaffer!

NL Ski Club Soars Down the Slopes!

ski.club

The NL Ski Club is wrapping up another great season on the mountain! We would love to have you join us next year at Blue Mountain Ski Resort!

We sign up early to get the best prices so see Mrs. Zemba for information in September or October 2022 for next year's season! We only had one injury this year! Rumor has it that Mr. White and Mrs. Zemba hit the 30 foot jump and that Mr. White landed it, but Mrs. Zemba did not and ended up breaking her arm. Mrs. Zemba found out she is NOT Shaun White and should probably avoid watching the Olympics as it gives her too many crazy ideas...

Nevertheless skiing is an amazing sport and the kids just need to chaperone the adults a bit better. We look forward to more exciting trips next school year!

NL Athletes Participate in Hockey Club

Hayden Burt, along with other NL student/athletes participated in the Cedar Crest Ice Hockey Club this past season. The Cedar Crest Falcons were in the Bears division in the CPIHL this year. Hayden was selected as part of the CPIHL Varsity All Star team this season which was held on January 26th at Klick Lewis Arena. Hayden was on the National team which they won 4-3 against the American team.

The All-Star game represented the top student athletes from the local school districts in the area. It was an amazing game to watch and to see so much talent and skill from these students/athletes.

NL FBLA Competes in the 2022 PA FBLA State Leadership Conference

#VIKINGPRIDE This year, eight members of the NL FBLA chapter qualified to compete and represent Northern Lebanon at the 2022 PA FBLA State Leadership Conference. They did so by placing in the top three of their events held at the PA FBLA Region 15 Leadership Conference. The chapter will also be recognized by FBLA as a “Champion Chapter” this year for its actions and service.

Additionally, at least one member of the NL chapter has been named a member of the National Business Honor Society.

NL FBLA Continues to Serve the Community!

The student members of the NL Future Business Leaders of America (FBLA) chapter have continued to serve the NL community throughout the 21-22 school year. After taking a year of due to COVID, NL FBLA was once again able to host a community-wide Halloween Trunk or Treat event in the fall. Additionally, members continued the tradition of sending holiday cards to the residents of the StoneRidge Retirement Community. In February, NL FBLA helped collect pet supplies for the Humane Society of Lebanon County. NL FBLA plans on holding more community service events in the Spring.

ing holiday cards to the residents of the StoneRidge Retirement Community. In February, NL FBLA helped collect pet supplies for the Humane Society of Lebanon County. NL FBLA plans on holding more community service events in the Spring.

Sachi Patel, NL FBLA President

Sachi Patel is the 2021-2022 FBLA President. In FBLA, she enjoys doing community service along with working with the rest of the club to plan and organize events. One of her favorite events organized by FBLA is the Trunk or Treat. This event has been held for two years so far and has been a success both times. She is also very involved in other clubs and activities including class office, student council, and marching band. Her hobbies include reading and spending time with friends and family. Being selected for states twice in her time in FBLA has been a great experience and opportunity as well.

1,000 Point Club

#VIKINGPRIDE

Congratulations to Peyton Wolfe, who recently joined the 1000-point club when he scored 21 points in the basketball game against Susquehannock.

Pictured is Peyton with his parents and Coach George receiving a certificate from Senator Gebhard.

NL Swimmers Swim their way into the 2022 LL League Championships and Advance to Districts!

#VIKINGPRIDE

Maddie Hoerner, Brian Lowen and Carter Cheslock qualified for the postseason Lebanon-Lancaster 2022 League Championship Swim Meet (Leagues) held on Friday (2/11) and Saturday (2/12) at Wilson High School in Reading, Pa. All three swimmers advanced to compete in Districts the first weekend in March.

NL is very proud of these three athletes!!

L-R photo: Carter Cheslock, Brian Lowen, Madison Hoerner

una celebración del club español ~ Fiesta de Navidad

The NL Spanish Club met on Thursday, December 16th, for a Fiesta de Navidad celebration that included authentic Mexican tamales, coquito, and other tasty treats. Students enjoyed music in Spanish while learning how to make "Ojo de Dios" ornaments out of sticks and yarn. The ornaments were labeled with a holiday message and delivered to residents at a local nursing home.

FIESTA DE NAVIDAD

Spanish Club + Tortillas = A Great Combination

(club español + tortillas = Una gran combinación)

On Wednesday, February 9th, the NL Spanish Club gathered to prepare hand-made tortillas, a food that is a staple in Mexican and Central American cuisine. They learned how to mix the "masa" dough, roll it, flatten it with a tortilla press, and cook it on a skillet. Students brought a variety of toppings, and they enjoyed spending time together as they assembled their tacos and ate the delicious results of their labor.

NL Interact/Model United Nations Club Promotes Global Understanding

The members of the Northern Lebanon Interact/Model United Nations club have been hard at work promoting global understanding and education within NLHS. Student are in the process of creating a large mural in the school depicting the flags of the world. This will eventually serve as a location to bring focus to major current events happening around the world and educate the students of the NL Secondary School.

Unfortunately, members were once again not able to practice their United Nations simulation skills at a regional conference due to COVID-related cancellations. Despite that setback, students held their own simulation at NLHS on President's Day. There, students served as delegates representing a number of nations and discussed and debated major global issues.

Jocelynn Chadwick, NL Interact President

Northern Lebanon's Interact Club/Model UN President for 2021–2022 is Jocelynn Chadwick. She enjoys the community service projects and the different people she interacts with within the club. Her favorite service project is the mural that is currently being constructed within the high school. Jocelynn also enjoys the simulation conferences that are periodically held. She is involved in many clubs and activities and is an active member of many of them. Some of these activities include Debate Club, Color Guard, Bowling, Drama Club, FBLA, and Student Council. Her hobbies include hanging out with friends and family, as well as writing, painting, and baking.

The "Barnyard Burger"

The ninth grade Intro to Foods and Nutrition class participated in a Burger Cook Off. They had to create a burger and make a presentation that represents the theme of the burger. This semester's winner was the Barnyard Burger. The burger was an all-beef burger with cheese, bacon and a fried (dippy) egg. The burger was presented on a nest of curly fries. They presented their burger in a barn surrounded by the cut outs of the animals that was represented in the

burger. The winning team consisted of Russell Beers, Braden Miller, Jake Emborsky, and Ahnah Yeagerly. All the participating students did an excellent job!!! Sounds like this would be a great edition to the school lunch menu?!

Escape Room Challenge for 6th Grade – *Challenge Accepted!!*

Some of our sixth-grade students had an opportunity to show off their characterization and critical thinking skills recently in ELA. The focus was to escape a five-level, virtual, characterization escape room! The ultimate goal was to not only to race against the clock but also their peers, in order to be named the fastest team! Our escape room day was filled with triumphs, frustrations, laughs, and many valuable lessons surrounding ELA and life in general! Ava Steiner and Jada Reigel were our fastest escapees with a time of 06.21. Evan

Eisenhauer and Van Winters came in second with a time of 08.21, and Brody Bashore, Levi Bucks, and Johnny Robledo-Lugo came in third with a time of 08.43. Congratulations to all who escaped!

STUDENTS CELEBRATE “TWOSDAY”, 2/22/22

Mrs. Gyomber's 6th grade math classes celebrated “Twosday,” a math holiday that they will only experience once in their lives. They celebrated by completing a variety of math puzzles all while working with the number 2. They even completed a few math challenges for two minutes each.

IN THE LIMELIGHT AT LICKDALE

Read Across America Day at Lickdale Elementary March 2, 2022

What does a TV meteorologist, Rascal, the Senators mascot and a retired teacher have in common? They all love to read to students on Read Across America Day! Each year, the students and staff of

Lickdale Elementary School celebrate the birthday of the popular author, Dr. Seuss, with a wide range of activities. And this year was no exception!

The day began with a classroom reading of the famous Dr. Seuss story, *The Cat in the Hat*. Students participated in a competitive Kahoot trivia game related to the story. It is only fitting that today's dress up theme was....wear your favorite hat to school!

Classrooms were visited by guest readers who not only read a story to the students, but shared personal experiences of how reading impacts their daily lives. We were very fortunate to have the following exciting volunteer readers:

- Tom Russell (CBS21 meteorologist)
- Rascal (Harrisburg Senators Mascot)
- Dave Lauver (NLSD Resource Officer)
- Kathy Carey and Deb Kern (Retired Northern Lebanon teachers)
- Staci Murray, Mike Marlow and Kate Kimble-Tuszynski (NL School Board)
- Dr. Gary Messenger (NL Superintendent)
- Leanne Martin (NL Business Manager)
- Brian Carl (Mrs. Carl's husband)

All students also had the opportunity to choose a free book to take home for their personal library. The Lickdale Association of Faculty and Parents purchased the books and fun magnetic bookmarks through book fair credits and other fundraising efforts. What a great ending to an amazing day!

Winter Games Bobsledding – Mrs. Stanakis

Mrs. Stanakis's students learned about Olympic Bobsledding. They read and watched videos about the Olympic sport to help them develop background knowledge. After learning about bobsledding, the students were given the opportunity to design and construct a bobsled based on what they learned. After the students constructed their bobsleds they were able to test them. They competed against each other to see which bobsled would reach the bottom of the ramp first.

Future Engineers – 5th Graders

Students in Mrs. Keener’s science class are becoming engineers! They are working together to design, analyze, build, and test vehicles. Students will explore different kinds of ways to move their vehicle. Most recently, 5th grade students became part of an “Engineering Design Team.” They are required to design a lunar vehicle that will move slowly on wheels across the lunar surface while being pulled by a rope. The fifth graders are taking everything they have learned so far in their Motion and Design science unit to successfully complete this challenge. Good Luck 5th Graders!

4th Grade STEM Students Create Gingerbread House Paper Circuits

To encourage creativity, teamwork, and innovation the 4th grade students took part in creating Gingerbread House Paper Circuits. Students first decorated brown paper lunch bags to look like gingerbread houses, some with cut-out windows and doors. Next, paper circuits were constructed on the back of the bags. Copper tape, LED lights, 3-volt lithium batteries, and paperclips were given to each student. After some fine-tuning and improvements to our designs, we had festive, glowing gingerbread houses!

Thinking Like a Medical Doctor – STEAM – Gifted Support

The 2021-2022 gifted support STEAM theme is, *Thinking like a medical doctor*. One study conducted was thinking like a neurologist and psychiatric to understand the gifted brain. The students studied the major areas of the human brain and investigated how a gifted brain differs from a non-gifted brain. Then they were challenged to create a model of a gifted brain using Playdoh. The students conducted viable research and were able to make informative gifted brain models.

While the students found several benefits of the gifted brain, they also uncovered the drawbacks. The gifted brain may come with overexcitabilities and sensitivities which manifest in intense feelings and impulsivities. One gifted support student stated, “It’s like a blessing and a curse”. The gifted support students understand themselves better and are better equipped to capitalize on their strengths and mitigate their weaknesses

Fa la la laaaaaaaa ... Christmas Concert

EAST HANOVER AT A GLANCE

Congratulations Hadley Barr – Student of the 2nd Trimester!

Hadley Barr has been an exceptional student throughout the second trimester of the 2021-2022 school year. She has been a hard-working and dedicated student in the classroom. Hadley has consistently strived to achieve at her highest potential and has been an excellent role model for other students. Hadley has set goals for herself both academically and in her personal life and will persevere to meet these goals. It is with great honor that I nominate Hadley Barr as the Student of the Second Trimester! #VikingPride

East Hanover had a Two-riffic day on 2/22/22

East Hanover students and staff celebrated 2/22/22 in style. We sported many tutus and ties! So much fun recognizing this day of 2's. Tacos were enjoyed at a staff luncheon and a memorable first grade project involving a time capsule was worked on to highlight the special time frame first grade will experience—1st grade in 2/22/22 and 12th grade in 3/3/33. Way to rock, East Hanover, and make this a memorable day all day!!!!!!

Sending Kindness to Kentucky

East Hanover Elementary School is so kind and generous! Our school collected many supply items to help the families in Kentucky who were struck by tornados in December. All the items were delivered to a local gentleman, Rodney Weber, who was making the trip to Kentucky with his truck and trailer. He had so many

donations from local churches, schools and citizens that he needed two trucks and trailers! The drive was long, but there were no problems getting there. The people of Kentucky were so thankful!

Thank you, Mrs. Kortright! Students Experience the STARLab

Have you ever looked up at the night time sky and wondered how the constellations that we know, Ursa Minor, Ursa Major, Orion, etc, came to be? Students in grades K-6 at East Hanover and Jonestown Elementary Schools learned all about those constellations and then some. They enjoyed going into the dome structure to see constellations and listen to stories. Special thanks to the Lancaster-Lebanon IU13 for allowing the media specialists to borrow this portable planetarium. #Lanc-LebIU13 #stars #constellations #starsareawesome

FREDERICKSBURG FOCUS

Mrs. Shelly and Miss Yingst's Autistic Support class has been having lots of fun at specials! They have been rock climbing, painting and singing songs. They have been enjoying making friends with the first-grade classes! It has been awesome to see the bonds made with these classes with the cheering, supporting and encouragement!

Fredericksburg Elementary Makes a Huge Donation to JOY Food Pantry!!

During the week of February 7th, Fredericksburg's students and staff rallied together to gather 100 items per classroom to donate to JOY Food Pantry in celebration of the 100th days of school. Not only did each class bring in 100 items, but some also brought in much more. As a school, Fredericksburg brought in an AMAZING 6,456 items! Congratulations to Mr. Mays', Mrs. Kreiser's, and Mrs. Long's classes for bringing in the most items. Amazing job Fredericksburg! You all rock!

First Grade Creates Time Capsules to Commemorate 2-22-22

First grade students at Fredericksburg created time capsules in February. Students began creating and collecting memories to put inside their capsule on 2-2-22. They finished decorating and filling their time capsules during our "TWOsday" Celebration on 2-22-22. Inside these capsules are colored pictures, letters written for their future selves, a painted handprint, their current height, autographs from friends, and a list of current events. Some parents even added their own special letters and pictures for their learner to read. These special time capsules will stay sealed tight for 11 years and will be opened again on 3-3-33 when these first graders are high school seniors! What a once in a lifetime opportunity!

Congratulations Alanna Sando – Winner of the My Holiday Wish Coloring Contest!!

Edgar Snyder and Associates hosted a *My Holiday Wish Coloring* contest, where schools in about 8-10 central PA counties were invited to participate by sending their Elementary school age children's artwork with a holiday wish message on it. Alanna Sando, a Kindergartener at Jonestown Elementary, stated, "My holiday is that my sister will get more toys than me." Alanna was entered in to the final voting and won one of the top 3 spots earning \$2,500 for her school and a Visa gift card for herself. Her artwork may show up on a billboard in our area! Congratulations to Alanna!

Floor Hockey @ JT Elementary – Flyers take First Place!

Fourth and Fifth graders participated in a floor hockey tournament throughout the month of February. Teams competed against one another to play in the coveted Championship Game. Congratulations to the Flyers for taking first place!

Mrs. Christina Boltz – First Grade Teacher – Nominated for Teacher of the Year!!

CONGRATULATIONS to Jonestown Elementary teacher, Mrs. Christina Boltz, who was named as Lebanon Federal Credit Union's Teacher of the Year Runner Up! Representatives from the Credit Union surprised Mrs. Boltz yesterday with this award; won through parent nomination. We are proud of you!!

#VikingPride

BOARD APPROVED: 2/8/2022

The Northern Lebanon Viking Foundation is an independent, non-profit organization created solely to help acquire and distribute funds to provide innovative educational programs that supplement and enhance the quality of education within the Northern Lebanon School District.

The NLVF has provided much needed funding to support the NL College in the High School Program which enables students to graduate high school while gaining college credits. In addition, NLVF provides opportunities for teachers to receive up to \$500 per year for supplemental classroom materials and educational scholarships for deserving seniors.

This tournament has raised more than \$10,000 annually for the students in the Northern Lebanon School District due to the generous contributions of all of our sponsors.

On behalf of the NLVF,
We Sincerely Thank you!

2020 - 2021 Scholarship Recipients

The following students were recipients of \$1,000 individual scholarships that were a direct result of funds raised during this annual event.

Amber Albright

Emily Hauck

Mikayla Kupstas

Jocelyn Mertz
