A newsletter to the residents of Northern Lebanon School District

NL Welcomes New Employees to the District

Newest Professional Employees Participate in New Teacher Induction Days at NL!

A big welcome to the District's newest professional staff who participated in the new Teacher Induction Days held on August 17th and 18th!

(L-R)– Seated: Jensen Gibson, Kindergarten Teacher; Allyson Butz, German Teacher
Standing: Tamee Erdman, Physical Education; Jordan Zimmerman, School Psychologist (Elementary); Jared Horst, Language Arts; Peter Emborsky, Health & Physical Education; Jessica Fry, Natural Sciences.

We are happy to welcome you to the Northern Lebanon family!

Peter Emborsky
Health & Physical Education-NLHS (long-term substitute)

Marissa Yingst
4th Grade Teacher – Fredericksburg (long-term substitute)

Nick Watson
Physics Teacher – NLHS

Jared Horst
Language Arts Teacher – NLHS

Allyson Butz
German Teacher – NLHS

Jensen Gibson
Kindergarten Teacher – Jonestown (long-term substitute)

Abigail Welty
V3 Teacher

Jessica Fry
Natural Sciences Teacher – NLHS

Kelly Grimes
Spanish Teacher – NLHS

Janelle Lewis
Health & Physical Education-NLHS-Starting January 2023

Kara Rhoads
District Social Worker

Kyle Wall
Information Tech. Specialist – (long-term substitute)

Michele Lowen
Transportation Specialist

Denise Snyder
Receiving Clerk/Transportation Assistant

Rachael Martin
Library/Tech. Assistant – Lickdale

Leann Snyder
Instructional Assistant – Jonestown

Tracy Heagy
Instructional Assistant – Jonestown

Margaret Watkins
Instructional Assistant – East Hanover

District Flag Raising Ceremony

On July 6th, seventh-grade student David Lowe Jr. helped raise a new flag on the NLHS flagpole. Along with his brother Michael, an NLHS alumnus and Eagle Scout, they filled the old flag's empty perch with a bright new banner. Lorie Lowe, parent and teacher in the district, also assisted in this special and emotional event with her sons. David says that service to our school community benefits everyone and is an essential part of Scouting. David and Michael represented Troop 432, which meets every Monday at the Jonestown American Legion. Thank you!

Patriot Day at Lickdale

On Friday, September 9, 2022, the Lickdale Elementary students and staff commemorated Patriot's Day with a brief ceremony.

Everyone met by the flagpole on the playground to recite the Pledge of

Allegiance and observe a moment of silence. Each student was given a mini flag, purchased by the Lickdale AFP, to hold proudly during the singing of patriotic songs, led by Mr. Heck. Wearing red, white, and blue was another way we showed that we are Proud to be Americans!

Patriot Day 2022 at East Hanover

EH students and staff observed Patriot Day on Friday, 9/9. Students and staff dressed in patriotic colors, met at our flag pole and watched our 5th graders raise the flag, recited the Pledge of Allegiance, reflected on the events of 9/11/01, and sang *God Bless America*. We are proud to honor all those who have fought and those who continue to fight for this great country.

Jonestown Staff and Students Remember 9/11 with Freedom Walk

Students at Jonestown Elementary paid tribute to the victims and first responders of the September 11th attacks by honoring Patriot Day with a Freedom Walk. Each student designed a small yard sign, which was used to create a display called the Parade of Signs. Signs were displayed around the walking trail at the Jonestown Park. Classes toured the route not only to see the student artwork, but to also learn about the timeline of the day and the historical "firsts" that happened as well. Community members

were then invited to walk the route over the weekend. The event was meant to help the students understand how within a tragic event, adversity was overcome with American pride.

golf 2022 – A “Tee”rrific Event! Tournament

The 23rd annual Northern Lebanon Viking Foundation/Jim Northridge Memorial Golf Tournament held at Pine Meadows Golf Complex on June 17, 2022, was a huge success in both finances and fellowship.

A special thank you to Fidevia as our Platinum Sponsor.

Also, thank you to the following sponsors:

Five Gold Sponsors:

- Crabtree, Rohrbaugh & Associates
- Dieffenbachs Potato Chips
- First Citizens Community Bank
- Hillyard
- Steckbeck Engineering

Seven Blue Sponsors:

- AP Benefit Advisors
- Bombergers Store
- D B Fisher
- I. Auman Machine Company
- Jonestown Bank
- Parks & Company
- Stock and Leader

Prize, Snack and Drink Sponsors:

- BG's Value Market
- Dieffenbach Chips
- Hershey Foods
- Hillyard
- Pepsi Corporation
- Redners

The golfers that attended the event were treated to golf, dinner, door prizes, and special raffles. Hole Sponsors included different local and area supporters of the NLVF. The course had many golfing participants and numerous other event workers from the NLVF who annually provide the support needed to make the event a huge success. A special thank you goes out to the Pine Meadows staff, especially Andy Signor for all his help in overseeing this annual event.

The NLVF is an independent, non-profit organization created solely to help acquire and distribute funds to provide innovative programs which supplant and enhance the quality of education in the Northern Lebanon School District. For more information on how you can get involved with the Viking Foundation through the golf tournament or the E.I.T.C. (Earned Income Tax Credit) program, contact Lauren Bruce at 717-865-2117, extension 2612, or by email at lbruce@norleb.k12.pa.us.

Something is Brewing at Deja Brew!!

Deja Brew, the school-based coffee shop, located in Northern Lebanon High School that is run by the students in Amanda Albright's life skills support classroom received a grant from Tanger Outlets for \$1,000.00. The grant money will help the students expand the small business.

Chloe McCoy, one of the students in Mrs. Albright's class said, "I am shocked that we were awarded the grant money!"

Deja Brew opened in the fall of 2018 and has grown into a successful small business. The students in the class are learning valuable prevocational skills that they will be able to use after they graduate from high school. Mrs. Albright and Mrs. Bentz, the Family & Consumer Science Teacher, is proud of the positive impact that it has made for the school community.

2022 Homecoming Dance

The Stars Were in Alignment For a Magnificent Night!

The stars were shining brightly on Oct. 7th and 8th! Congratulations to the 2022 Homecoming Court and this year's queen, Erin Shuey! NLHS Student Council threw a successful homecoming week including spirit days and a "Starry Night" dance! Art club face painted at the homecoming football game and the court was honored at both the game and the dance. The homecoming dance was a fun filled night of food, dancing, and starry decorations!

NLFFA Students Attend the States Conference Held at Penn State University!

June 7th through the 9th the Northern Lebanon FFA Chapter attended the annual States Conference held at Penn State University. From staying in dorm rooms, to attending sessions in the Bryce Jordan Center to eating meals in Findlay Commons, NL FFA members obtained the full Penn State campus experience in just a few days. A large portion of our students' time was spent competing in Career and Leadership Development Contests at the state level. A total of five Northern Lebanon FFA members qualified within the top three of their contests! This includes Elijah Delgado placing first in talent, Amelia Shriver placing first in scrapbook, Jared Ecenroad placing second in aquatics, Chloe Bomgardner placing third in senior prepared speeches, and Hailey Pierce placing third in floriculture. We are a proud chapter! #VikingPride

Lebanon Area Fair

This summer numerous members of our chapter participated in the annual Lebanon Area Fair. Whether it be showing animals, volunteering in food stands, working the ham and chicken BBQ, or lending a helping hand to exhibitors throughout the week, Northern Lebanon FFA was active! We additionally submitted a fair booth, educating the local community on the concept of a "Solar War," which critiqued the idea behind solar farming. Not to mention, our very own Chloe Bomgardner was crowned Fair Queen! As an event that everyone in the community looks forward to at the end of a hot July, the Lebanon Area Fair continued to never disappoint.

Congratulations Chloe! We are very proud of you!!

#VikingPride

Hinklefest

On September 16th and 17th, NL FFA officers and students volunteered their time at the Hinklefest. The Hinklefest has been an annual community tradition for many years, sponsored by the local chicken manufacturer, Bell & Evans. Northern Lebanon FFA was more than happy to further the promotion of agriculture at the event. The chapter hosted a petting zoo, in which they provided their own animals from guinea pigs, to dogs to snakes! Beside the miniature zoo were pony rides, which was a favorite among the kiddos! #VikingPride

Farmland Preservation

Friday, September 30th five officers; Hailey Blair, Chloe Bomgardner, Megan Bomgardner, Jared Ecenroad and Kaela Still, spent a portion of their school day traveling to Myerstown to serve lunch and park vehicles at the Farmland Preservation Celebration. It was a special

event for the small group of officers, as they had the opportunity to interact with agricultural leaders within the state. Nevertheless, they furthered their knowledge on the importance of preserving farmland.

Mark Hershey Golf Tournament

On August, 17th, four Northern Lebanon Officers; Grace Bomgardner, Jared Ecenroad, Brooke Beamesderfer and Chloe Bomgardner, served local agricultural members of the community lunch at the Mark Hershey Golf Tournament. The event was held at the Fairview Golf Course. The guests enjoyed a lunch of chicken sandwiches, right off of Boyd's Barbeque Grill and we enjoyed mingling with those who participated in this event!

College Board's National Recognition Programs Honor Two of NL's Finest!

Congratulations to Kaitlyn Michael and Erin Shuey who are two of 62,000 students from across the country to earn academic honors from the College Board's National Recognition Programs! These National Recognition Programs grant underrepresented students with academic honors that can be included on college and scholarship applications and connect students with universities across the country, helping them stand out during the admissions process. Colleges and scholarship programs use these honors to identify students from underrepresented groups through College Board's Student Search Service.

Kaitlyn and Erin earned this recognition by excelling on their PSAT/NMSQT, PSAT 10, or AP Exams and in their classrooms. Students who may be eligible have a GPA of 3.5 or higher and have excelled on the PSAT/NMSQT or PSAT 10 or earned a score of 3 or higher on two or more AP Exams; and are African American or Black, Hispanic American or Latinx, Indigenous, and/or attend school in a rural area or small town. Eligible students are invited to apply during their sophomore or junior year and are awarded at the beginning of the next school year.

Kaitlyn Michael
National Rural and
Small Town Award

Erin Shuey
National Rural and
Small Town Award

Mr. Dan Lingle, Technology/Engineering Teacher, honored by the Philadelphia Eagles 2022 All Pro Teacher Roster Award!

My name is Dan Lingle and I am a Technology and Engineering teacher. I am entering my seventh year of teaching and my fifth at my current district and alma mater, Northern Lebanon. My passion for teaching is directly linked to my passion for helping students succeed. More than just teaching material, I strive to ensure that every student feels cared for while in my class. In addition to teaching, I also coach bowling in the winter and track in the spring along with advising our school's Technology Student Association club. I am also working on my Doctorate in Educational Leadership! When I am not working or coaching, I enjoy getting outside to play a round of disc golf or sit around a campfire. I have been a Philadelphia sports fan for as long as I can remember. I think my first memories as an Eagles fan are in the early 2000s and the incredible run the team had with Andy Reid and Donovan McNabb. I haven't been to too many games, but I do remember being at the Season Opener in 2008 and watching McNabb throw a deep ball to DeSean Jackson on the first play of the game. I was lucky enough to be at the parade down Broad St. in 2018 and I'll never forget

how incredible that day was. I am beyond honored to receive this award, go Birds!

Congratulations to you, Dan! #VikingPride

DUNGEONS & DRAGONS

Dungeons & Dragons Club

Come one, Come All and Bring Your Imagination!

“Adventure is not in short supply at Northern Lebanon this year. What began as a rag-tag group of students looking for a faculty advisor last year has officially become a club as of this '22-'23 academic calendar. The club was originally created in large part to the efforts of Bryce Deiter and (Jeffrey) Alex Cyphers. Mr. Nicholas Watson was eventually found and agreed to supervise and host the club. Attendance varied, but a core group of members established themselves as regulars, and the club was solidified. Last year ended with Mr. Watson leading this dependable bunch through a cave of goblins, ending in a final fight with an acidic dragon! Mighty blows were traded, and magic crackled through the air, and in the end, the adventurers were victorious!

This year, Mr. Watson has a new and larger classroom, more official recruiting has been done, and the adventures have increased dramatically. As of the writing of this article, the club meets twice weekly. Thursdays are ‘free-for-all’ where all games are student-lead. There are 4 tables underway, ranging from outer space mercenaries to vampires and werewolves to rebuilding a world AFTER the apocalypse already happened to explore the official world of Eberron, all run by student members from freshmen to seniors. Fridays are for DMs (Dungeon Masters) in-training only, a select group of students playing through a sinister murder mystery, lead by Mr. Watson, with the goal of learning more skills and techniques for making a game exciting and immersive, so that even more members will be encouraged to start their own games on Thursdays.

From here...who knows how many worlds we may visit! The club is open to expansion, both on Thursdays with open attendance, and Fridays, which will grow more slowly as more members get comfortable with the rules and Mr. Watson approves. Whether you want to meet aliens, save the world, slay the monster, or solve the mystery, come and play pretend with us!”

6th Grade Team Building = SUCCESS!

The 6th grade students of the NLMS participated in a team building event on Thursday, September 8th! Students started their day watching two short clips learning about what it would be like to be a chain or a chain maker in someone's life to help support them. They discussed that by being a link or a chain maker they could help by opening someone's locker, or helping another student navigate their new schedule, or just be a good listener. In the afternoon, the students were able to participate in two games, Centipede Tag & Bombardment Dodgeball. In the first game the students learned how to work together by creating an actual chain to tag as many people as they could. In the second game, the students were working together to have the eliminate the other team. The day ended with a discussion wrapping up what was learned. Many students did share that they were nervous their first week of school, but by the second week they felt more comfortable due to the many links and chain makers that we have in 6th grade.

This day was created to allow students to interact with their peers whom they might have never met; learn about how to be part of a team as well as learn about how it is important to support each other in this new adventure of middle school.

#greatmemoriesfor6thgrade

Team Work Makes the Dream Work – for 7th grade students!

The 7th grade class took a trip to Kenbrook on Tuesday, September 27th, for team building activities. They spent the day working together while stretching themselves outside of their comfort zones on a low ropes course. Additionally, they enjoyed activities that required group problem solving to win various games. It was a day full of laughter and fun!

Valiant Vikes “Fall”ow Through with Their Annual Fall Fest Celebration!

The Valiant Vikes hosted their annual Fall Fest on Friday, September 30th! The attendees, which consisted of N.L.M.S. students, families, teachers, and administrators spent time socializing, eating a potluck dinner, playing games, sharing tech tips, and enjoying time in the gym. After our time together at the Middle School, we headed down to join the rest of the N.L. community in cheering on the football team. Go Vikings! As always, it was wonderful to see our N.L.M.S. family making memories and fostering relationships. Thank you to everyone who contributed in making the night a success!

NLMS Service Club

– Continuing to Give Back to the Community!

On Thursday September 29th, The NLMS Service club attended their first field trip of the year. It was a beautiful autumn day and students were eager to spend the afternoon outdoors and engage in community service. Advisor, Mrs. Guth, and chaperone, Mrs. Snyder, accompanied 18 middle school students to the H.M. Levitz Memorial Park. There, students were greeted by park caretaker and former NL math teacher, Mr. Ross Henderson. Mr. Henderson educated students about the park's history and the current uses of the park. It is a valuable resource for families to enjoy its many uses featuring walking paths, ponds, playgrounds, pavilions and indoor facilities. Many of the students have visited the park over the years, and it was a positive experience for them to be able to give back to a place that has brought them many enjoyable memories.

While at the park, students took part in helping to clean up the grounds by picking up sticks and fallen limbs, gathering Eastern black walnuts, raking the baseball field, and washing the white vinyl fencing along the lower pond. Mr. Henderson spoke to the students about how their hard work and team efforts helped with hours of manpower that it would have taken one individual alone to be able to accomplish. The middle school students felt proud of their work, and for helping to beautify the park for our local community to enjoy.

For more information about the MS Service club and upcoming field trips, please contact Mrs. Guth at eguth@norlebk12.pa.us. This club is open to all 6th, 7th, and 8th grade students who wish to give a helping hand and serve others in our community.

Strong Support from NL Students for Red Ribbon Week!

The NL secondary students celebrated Red Ribbon Week in style the week of October 24th! Not only do the students of NLSD realize the importance of saying “NO” to drugs; they are smart enough to realize they are much cooler for not doing drugs!!

#VikingPride

RED RIBBON WEEK!

Monday, Oct. 24 – “Lei Off Drugs” – WEAR HAWAIIAN SHIRTS AND LEIS!

Tuesday, Oct. 25 – “Voting for My Future” - WEAR RED, WHITE, and BLUE!

Wednesday, Oct. 26 – “My Future is Too Bright for Drugs” ... COLLEGE SHIRTS AND SUNGLASSES (on your head only)!!

Thursday, Oct. 27 – “Don’t Let Drugs Knock Your Socks Off” – WEAR SOCKS WITH YOUR CROCS OR HEY DUDES

Friday, Oct. 28 – “Vikings Don’t Do Drugs” – Wear Blue and Gold

EAST HANOVER AT A GLANCE

Dot Day the EH Way...

"Just make a mark and see where it takes you!"

Students and Staff dressed in Dots, read *The Dot*, and learned how **YOUR MARK IS IMPORTANT**. Dot Day is a fun way to reinforce how everyone's mark is important!!!!!!
Your Mark Is Important!!!!!!

Mrs. Coll's Class of the Month!

Congratulations to Mrs. Koval's 4th grade class for being selected *Class of the Month* for Physical Education at East Hanover. This class stood out for exemplary sportsmanship, hard work, and continued task behavior. This group of students always show an amazing amount of kindness and support for one another ensuring that everyone feels included and a part of the activity. They are a great bunch of students and a pleasure to teach!

What Does Mrs. Potato Head and the School Counselor Have in Common?

Just ask East Hanover's 1st graders! During monthly guidance lesson in the month of September, students learned about the role of the school counselor and how the school counselor can support them. Just like Mrs. Potato Head, Ms. Varvel's class learned that their school counselor has the following characteristics:

- Eyes to look out for ways to help all students.
- Hands and arms to be a friend and lend a helping hand.
- Mouth to speak kind and encouraging words.
- Ears to listen to whenever student need someone to talk to.
- Feet to walk to see students in your classroom, cafeteria, hallway or in the guidance office.
- Bag of Tricks to help students to be learn new skills to be their best selves.

The school counselor is here to support all students!

FREDERICKSBURG FOCUS

Fredericksburg Students and Staff Kick Off the Year with FRED'ROCKS'BURG!!

Students and staff here at Fredericksburg were excited to kick off our last school year in the building. We want to make sure that this year is the best one yet! In typical Fredericksburg fashion we started the year off the best way we know how... rocking out with the best band we know, FREDROCKSBURG! Fredrocksburg played an amazing concert on the first day of

school to get the kids pumped and excited about the school year! We will continue this positive energy going throughout the school year with our many special activities planned. Stay tuned, it's going to be a great year!

Fredericksburg 2nd Grade Students Love Spending Time in Makerspace

Once a week, the second graders from Fredericksburg Elementary School spend some time in our Makerspace. While there, they are given a challenge to complete or a problem to solve. They have built traps to capture a mischievous dog who steals lunches, an item that may be found in Ms. Blossom's classroom (our reading series' fictional teacher) and practiced their estimating and measuring skills by building objects that were as close to 1 meter as possible. We even have "free build" time where the students are able to use their imaginations and create anything of their choosing. The students love working together to solve the problems or free building as creatively as possible.

With the growing trend of STEM in schools, we can use this time to provide unique opportunities for students to practice critical thinking, problem solving, and collaboration, among other skills.

STEM Time at Fredericksburg Elementary is a GREAT Time!

STEM is an educational time that is developed to prepare primary students for science, technology, engineering, and mathematics (STEM). In addition to subject-specific learning, STEM aims to foster inquiring minds, logical reasoning, and collaboration skills. Children use various materials to plan, design, create, make, discover, and explore during STEM time. Students are encouraged to revise and rebuild as needed. Exposing students to STEM activities helps them to build essential 21st-century skills.

Fredericksburg Students Inspired to Become Authors!

The book *Library Mouse* inspired some Fredericksburg students to try their hand at authoring their own small books! They are thrilled to read each other's writing.

Apple Day Celebrated at Fredericksburg Elementary!

First grade students at Fredericksburg Elementary celebrated Apple Day on September 26th. It was a great way to integrate various subjects with hands-on learning. We started the day by decorating our Apple Day hats. The children were able to color and assemble their hats as we listened to an audiobook called “The Biggest Apple Ever”. The first graders learned about Johnny Appleseed. In addition, the students were able to follow an applesauce recipe to create homemade applesauce in class. Each child was able to join in the apple testing as well. This was a wonderful way to incorporate the five senses into the lesson. Not only that, but it also sneaks in vocabulary, math, and science – all in one delicious lesson!

Family Karate Visits JT!

Students and staff attended a back-to-school assembly from Family Karate located in north Lebanon. Karate masters and black belt students showed off their skills and fun tricks while discussing the importance of hard work, practice, self-control, and respecting others. Some students even had a chance to break a board in front of their peers! It was a great way to kick off the school year and remind students of their expectations as a V.I.K.E. each day.

Elementary students working in the English Language Development Program at the elementary schools throughout the district use a program called Imagine Learning which is a research-based, data-driven language and literacy program that facilitates and enhances English language learning in addition to developing and strengthening essential skills in all English Language Arts areas. This year, several students participated in the Summer Imagine Learning Program and continued to learn, grow and experience great success. Four of these students have been recognized as Super Students based on their stellar work ethic this summer. Congratulations to Sophia Martinez and Rafny Balbuena of Jonestown, Ryan Adhikari of East Hanover and Ozil Bustillo of Lickdale!

Apple Day!!

On Monday, September 26, first grade at Jonestown Elementary celebrated Apple Day and Johnny Appleseed's Birthday. The students all brought in their favorite kind of apple and then got right to work. They cut, peeled, washed, and added it to our class pot. The students added different ingredients to make applesauce. As the pot cooked, the students stirred and mashed, until it was ready to eat. All thumbs up! We also did different activities throughout the day, incorporating the theme into our math and reading instruction. We had so much fun!

Jonestown Students Get a Visit from the Bunker Hill Fire Company!

October 10th-14th is Fire Prevention Week. This year, the Bunker Hill Fire Co. came to visit the 2nd graders of Jonestown Elementary. We were able to sit outside and enjoy the beautiful weather while learning about fire safety!

IN THE LIMELIGHT AT LICKDALE

HUGE THANK YOU... Ingram Micro!!!!

A HUGE thank you to our community partners at Ingram Micro! Every year they do a fundraiser for donations to Lickdale Elementary. This year the employees raised \$2500 for our school, which was also submitted to the Ingram Micro Matching Gift Program. Their generous donations will be going towards the many exciting activities we have planned for our final year in this school! We appreciate all the support you have given us! THANK YOU!

Lickdale Student, Jameson Reynolds, chosen to be Honorary Captain!

Lebanon Valley College participated in the 15th Annual Coach to Cure MD on Saturday, September 24, 2022 with a very special guest, Jameson Reynolds, a Lickdale Elementary student, serving as one of the two honorary captains for the game and assisting the referee with the coin toss.

According to their website, Parent Project Muscular Dystrophy (PPMD) initiated the Coach to Cure MD initiative in 2008 in partnership with the American Football Coaches Association. Today, more than 10,000 teams take part in the project which helps to bring awareness to Duchenne, the most common fatal genetic disorder diagnosed in childhood. Currently there is no cure for Duchenne. People with Duchenne develop progressive muscle weakness and a decline in respiratory and cardiac function. PPMD and Coach to Cure MD have dramatically increased research activity for this disease over the past 15 years.

LVC defeated Wilkes 24-19 and is undefeated with Jameson serving as honorary captain and official's assistant!

First Graders Celebrate Apple Day

On Friday, September 30, Mrs. Henne's first-grade class at Lickdale Elementary School celebrated Apple Day in honor of Johnny Appleseed. After learning about Johnny Appleseed's contributions to the history of our country, the students participated in apple investigations where students used their five senses to describe apples. Students predicted and graphed data that was collected from an apple tasting activity. The students were surprised to see that our predictions do not always come true! Students then put their writing skills to work by reporting facts they learned about Johnny's life. The day concluded with the students enjoying homemade applesauce made by their own hands! We all agreed that we were thankful for Johnny Appleseed's legacy of passing down a love for apples!

DOT DAY at Lickdale Elementary!!

September 15th is known as DOT DAY!!!!!! Boy, did we see Dots that day. We learned in Art class about the global celebration of creativity based on Peter H. Reynold's Award-winning book, "The Dot."

#InternationalDotDay

Second Grade Field Trip to Gray's Apple Orchard

Second graders had a great day at Gray's Apple Orchard. Mr. Gray talked to the children about the apples: how they grow, how they are picked, and the different varieties. He also dug up some potatoes and carrots.

Students went on a tour of the orchard and got to visit the cows in the barn. The children were able to pick up a variety of pumpkins and gourds to feel the different textures and see the different types. Each student got four apples and a pumpkin.

Students enjoyed touring the farm and seeing all the different plants. It was a great day!
